To Our Patients:

Welcome to our practice. We value your privacy. The misuse of Personal Health Information has been identified as a national problem causing patients inconvenience and aggravation. We want you to know that all of our employees continually undergo training so that we may understand and comply with government rules and regulations regarding the Health Insurance Portability and Accountability Act (HIPAA) with particular emphasis on the "Privacy Rules." We strive to achieve the very highest standards of ethics and integrity in performing services for our patients.

It is our policy to properly determine the appropriate use of Personal Health Information in accordance with government rules, laws and regulations. We want to be sure that our practice never contribute in any way to the growing problem of improper disclosure of Personal Health Information.

Our office has implemented a Compliance Program that we believe will help us prevent any inappropriate use of Personal Health Information. If you would like further information on our Compliance Program please mark the area below and our receptionist will supply you with a booklet explaining our Compliance Program.

Your signature below acknowledges that you have read the above statements and have been offered a booklet on the Compliance Program at the office of Dr. Scott Miller.
